10. Adjournment

***Indicates information attached**

Our Mission - To enhance the quality of life for the residents of the Golf Maine Park District, and to promote a strong sense of community, by providing a broad, diverse, and challenging set of cultural and recreational programs, and clean, beautiful and safe parks.

**MINUTES OF THE REGULAR RESCHEDULED MEETING
BOARD OF COMMISSIONERS OF THE GOLF MAINE PARK DISTRICT
MAINE TOWNSHIP, COOK COUNTY, ILLINOIS
HELD ON MARCH 24, 2025**

1. CALL TO ORDER

- a. Commissioner Jamal Liddell called the meeting to order at 6:10pm.

2. ROLL CALL

- a. Roll was called: Present: Jamal Liddell, Jasmin Zahirovic, Zain Durrani, Jay Shah
Yogesh Patel (arrived at 6:55pm)

Absent:

Staff Present: Anthony Silmon, Samir Kurtovic, Michael Hubka
Puneet Singh

3. VISITORS / VISITOR COMMENTS

- a. None

4. APPROVAL OF THE CONSENT AGENDA

- a. Commissioner Durrani moved to approve the consent agenda.
- b. Seconded by Commissioner Zahirovic.
- c. Roll was called: Ayes: 4 Nays: 0

5. STAFF REPORTS

- a. Kevin Hubka, Executive Director
 - i. A detailed report was submitted in the board packet. Commissioner Zahirovic asked about the status of the outdoor signage, and Secretary Hubka said that we are in the process of getting quotes for the Electrical, and were waiting for the season to turn so that they can install the concrete footings for the signage. Secretary Hubka informed the Board members that the Dee Park Playground project can not be started until the permit is cleared by Cook County. There is no time-table to start the project as of this moment. Anthony Silmon discussed programming that has begun, as well as the special event for District 63 that will take place in June. Commissioner Zahirovic inquired about the position for Recreation Supervisor that was posted last week, and Secretary Hubka explained to the Board that Matthew Cabrera resigned 3 weeks ago due to another job opening that he had pursued when he was applying for jobs, as this happened before he originally interviewed for our position.

6. UNFINISHED or CONTINUING BUSINESS

- a. Legislative
 - i. None

7. NEW BUSINESS

- a. **Concrete Stair Repair @ Dee Park**
 - i. Discussion: Secretary Hubka informed the Commissioners that the steps at Dee Park need to be taken out and replaced. This repair will put us over budget for this fiscal year, however it is a safety issue which needs to be addressed.
 - ii. Commissioner Jamal Liddell motioned to approve.

- iii. Seconded by Commissioner Durrani.
- iv. Roll was called: Ayes: 4 Nays: 0

b. Concrete Entrance Repair @ Feldman Park

- i. Discussion: Secretary Hubka informed the Commissioners that the concrete entrance pad at Feldman Park is in need of repairs due to severe cracking issues and safety concerns. This repair will put us over budget for this fiscal year, however it is a safety issue which needs to be addressed.
- ii. Commissioner Jamal Liddell motioned to approve.
- iii. Seconded by Commissioner Durrani.
- iv. Roll was called: Ayes: 4 Nays: 0

c. GMPD Master Plan

- i. Discussion: Secretary Hubka started the discussion by stating that we received two quotes, one from Design Perspectives and the other from Hitchcock Design Group. Secretary Hubka advised the Board to look over the quotes in the Board Packet and go through the details of each proposal and what is involved. Commissioner Liddell inquired to see if these two companies would be able to make a presentation at an upcoming board meeting. Secretary Hubka will be looking into arranging this. Additional discussion has been tabled until the next meeting.

d. Resolution 25-02 (Approval of Principal Authority of The Illinois Funds)

- i. Discussion: Secretary Hubka informed the Commissioners that this needed to be changed because the name on our account is a person who is no longer with GMPD.
- ii. Commissioner Shah motioned to approve.
- iii. Seconded by Commissioner Liddell.
- iv. Roll was called: Ayes: 4 Nays: 0

e. Budget and Appropriation Announcement

- i. Discussion: Secretary Hubka provided a slide show for the first Draft Budget of 2025-26 fiscal year. Secretary Hubka went through each slide and provided feedback on each fund on why it was either increased, decreased, or stayed the same. There was some discussion on why revenue numbers were being lowered for Tax revenue, to which Secretary Hubka pointed out that the last 3 fiscal years of budgeting for property taxes don't even come close to what we collected in actual revenue for property taxes, and the same goes for replacement taxes. Secretary Hubka informed the Board that the numbers in this year's budget are more inline with what we should be estimating and getting in revenue. There was a comment on why the Police Fund is budgeted for what it is, to which Secretary Hubka advised the Board that this money will go to getting new cameras around our facilities, as well as using the Sheriff's Police for special events that happen at Dee Park. There was also a comment on why we are budgeting a certain amount for the Paving and Lighting fund, to which Secretary Hubka advised the Board that this money will go to getting our Parking lots seal coated yearly, which is highly recommended.

f. Board member comments

- i. Discussion: None

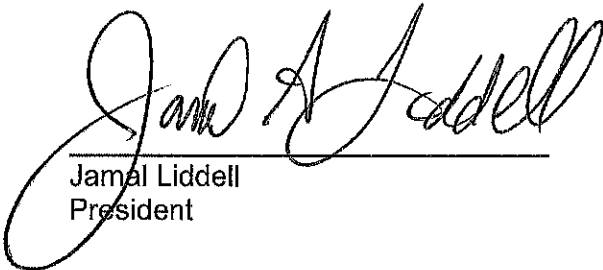

8. CLOSED SESSION

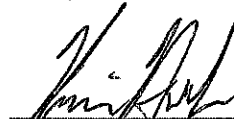

- a. Commissioner Liddell motioned the Board go into closed Executive Session to consider information regarding appointment, employment, compensation, discipline, performance, or dismissal of an officer, an employee or employees pursuant to sections 2(c)(1) and 2(c)(2) of the Open Meetings Act at 6:58pm.
- b. Seconded by Commissioner Durrani.
- c. Roll was called: Ayes: 5 Nays: 0
- d. Commissioner Liddell motioned to leave the closed session.
- e. Seconded by Zain Durrani.
- f. Roll was called: Ayes: 5 Nays: 0
- g. Out of Executive Session at 8:25pm.

9. ADJOURNMENT

- a. Commissioner Liddell moved to adjourn the meeting.
- b. Seconded by Commissioner Durrani.
- c. Roll Was Called Aye: 5 Nay: 0
- d. The meeting adjourned at 8:27pm.

Minutes Approved : 4/17/2025

Jamal Liddell
President

Kevin Hubka
Secretary

"IN THE KNOW"

BOARD REPORT – APRIL 2025

(By: Kevin Hubka, Executive Director)

OSLAD UPDATE:

ALL PERMIT ISSUES HAVE BEEN REVIEWED AND SUBMITTED TO COOK COUNTY. WE ARE NOW WAITING TO HEAR BACK FROM THEM. WE ARE HOPEFULLY OUR DOCUMENTS GET CLEARED, SO THEY CAN ISSUE THE PERMIT TO START CONSTRUCTION. THE PICNIC SHELTER HAS BEEN DELIVERED.

RECREATION UPDATE: (SUBMITTED BY: ANTHONY SILMON, SUPT. OF RECREATION)

MARCH WAS A SUCCESSFUL MONTH FOR OUR RECREATION DEPARTMENT, AS WE SAW OUR FIRST BOXING CLASS START, AS WELL AS OUR MEN'S RECREATION LEAGUE GET OFF TO A GREAT START, AS WE JUMPED FROM 6 TEAMS TO 8 TEAMS. WE ALSO RECEIVED MORE INQUIRES ABOUT JOINING OR NEXT MEN'S LEAGUE. THE 6TH-8TH TOPPED OF MARCH WITH 80 PARTICIPANTS, ALONG WITH 6 ON THE WAITING LIST. THE ATTENTION WE HAVE RECEIVED ABOUT OUR BASKETBALL PROGRAMS HAVE REALLY BEEN ENCOURAGING AND PROMISING. LASTLY, WE GOT BACK INTO OUR PROGRAMMING AT MAINE EAST WITH KICKING OF RAPTORS WRESTLING. WE INTEND TO KEEP PUSHING THE BOUNDARIES OF RECREATION DEPARTMENT GOING FORWARD.

SPECIAL EVENTS UPDATE:

APRIL 19 - DONUTS WITH THE BUNNY @ 9AM @ DEE PARK

APRIL 19 - EGGSTRAVAGANZA @ 1030AM & 1130AM @ DEE PARK

APRIL 22 - EARTH DAY: A HANDS ON EXPERIENCE

MAY 31 - COMMUNITY GARAGE SALE @ FELDMAN PARK

MAINTENANCE UPDATE:

FINISHING UP ALL INDOOR PROJECTS, SUCH AS PAINTING AND DEEP CLEANING BLEACHERS. THE TRANSITION TO THE OUTDOOR SEASON HAS BEGUN. OUTDOOR BATHROOMS AT DEE PARK ARE GETTING PREPPED TO OPEN TO THE PUBLIC THE WEEK OF 4/21. FIELD WORK HAS BEGUN, AS LOADS OF DIRT HAVE BEEN DELIVERED TO DEE PARK. SEEDING WILL TAKE PLACE AS SCHEDULED, AS WELL AS FILLING IN DIVITS AROUND THE FIELD. BASEBALL FIELD IS ALSO GETTING PREPPED TO OPEN FOR THE SPRING SEASON. BEGINNING STAGES OF GETTING THE SPRAY PARK READY WILL TAKE PLACE IN EARLY MAY.

BUSINESS / HR UPDATE:

ALL PERFORMANCE REVIEWS HAVE BEEN COMPLETED FOR FULL-TIME AND PART-TIME STAFF FOR THE 2024-25 REVIEW PERIOD, AND FILED AWAY. ALL PAY INCREASES HAVE BEEN UPDATED IN OUR ANNUAL BUDGET.

INVOICES FOR THE TWO LIGHT POLES THAT WERE REPAIRED HAVE BEEN SUBMITTED TO PDRMA, AND WE WILL BE GETTING REIMBURSED THE FULL AMOUNT.

MISC:

WE RECEIVED A PTAB NOTIFICATION (PROPERTY TAX APPEAL BOARD), FROM A PROPERTY INSIDE OUR TAXING DISTRICT. THEY ARE TRYING TO LOWER THEIR ASSESSMENT ON THEIR PROPERTY, WHICH WOULD EFFECT ALL TAXING DISTRICTS. IF THEY ARE SUCCESSFUL IN THEIR APPEAL, WE WOULD LOSE AROUND \$43,000.00 THOUGH PROPERTY TAX INCOME, WHICH IS AROUND 4% OF THE PROPERTY TAX THAT WE RECEIVE, AND BECAUSE THIS IS A HUGE AMOUNT, I HAVE CONTACTED OUR LAW FIRM AND ASK THEM TO INTERVENE IN THESE PROCEEDINGS. THEY RECOMMENDED THAT I REACH OUT TO OTHER TAXING DISTRICT TO SEE IF THEY WOULD BE INTERVENING. I CONTACTED THE FOLLOWING: MAINE TOWNSHIP SCHOOL DISTRICT 207, EAST MAINE SCHOOL DISTRICT 63, AND MAINE TOWNSHIP. ALL THREE TAXING DISTRICTS ARE AWARE OF THIS PTAB NOTIFICATION, ARE ALL ARE INTERESTED IN INTERVENING. SCHOOL DISTRICT 207 IS INTERESTED IN TAKING THE LEAD ON INTERVENING. ALL PARTIES HAVE SIGNIFICANT BUDGET CONCERNS, AND ARE POSSIBLY INTERESTED IN SPLITTING THE LEGAL FEES. NEXT STEPS ARE TBD.

OUTDOOR EVENTS:

AFTER MANY MEETINGS WITH MEMBERS OF THE COOK COUNTY SHERIFFS POLICE, WE WILL BE ENTERING INTO AN AGREEMENT WITH THEM FOR THEM TO PROVIDE ADDITIONAL SUPPORT AT THE SPECIAL EVENTS THAT WE HAVE AT DEE PARK. THEY WILL BE IN CHARGE OF SECURING THE PERIMETER OF DEE PARK. AS FOR INSIDE THE PERIMETER, WE HAVE CONTACTED TWO SECURITY COMPANIES, AND WILL BE FINALIZING AGREEMENTS WITH BOTH COMPANIES TO PROVIDE SERVICES AS WELL. THE COSTS ASSOCIATED WITH SHERIFFS POLICE AND THE SECURITY COMPANIES WILL BE PASSED ON TO THE RENTER. THIS WILL ENSURE THAT ALL THE EVENTS THAT WE HOST AT DEE PARK ARE PROPERLY SUPERVISED, AND WE BELIEVE THAT THIS WILL CONTINUE TO KEEP OUR PARK DISTRICT AND PARTICIPANTS SAFE DURING THESE EVENTS.

PROJECT/CAPITAL ITEM LIST REPORT

<u>PROJECT</u>	<u>STATUS</u>	<u>COMMENTS</u>

LEGISLATIVE UPDATE

THE LATEST LEGISLATIVE ISSUES AFFECTING PARKS, RECREATION AND CONSERVATION

#8-2025 -- March 26, 2025

TO: IAPD Members

FROM: Peter Murphy, Esq., CAE, IOM, IAPD President and CEO
Jason Anselment, IAPD General Counsel
Maura Freeman, Director of Advocacy and Strategic Initiatives

RE: Bills Moving After Committee Deadline

Last Friday, March 21, marked an important legislative deadline—the final day for bills to pass out of committee in their chamber of origin. As a result, Springfield has seen a surge of legislative activity, with thousands of bills posted for committee hearings and *hundreds* of bills relevant to park and recreation agencies being considered.

While we've kept you informed about IAPD's platform initiatives, today's legislative update focuses on other bills we're closely tracking that have successfully advanced to the next stage in the legislative process.

IAPD Platform Bills Advance

1. **Raising the competitive bid limit threshold.** HB 2853 (Meyers-Martin, D.) passed unanimously in the House State Government Administration Committee. After negotiations with labor, the bill was amended to raise the competitive bid threshold for "supplies and materials" to \$60,000 while keeping it at \$30,000 for other bids. After the amendment was adopted, Leader Camille Lilly signed on as a sponsor.
2. **Codifying OSLAD protection.** HB 1927 (Lilly, C.) received a unanimous vote in the House State Government Administration Committee. Following its committee hearing, Representatives Anthony DeLuca, Daniel Didech, and Nicolle Grasse have filed as co-sponsors.
3. **Increasing trail signage flexibility.** After adopting an amendment from IDOT, HB 2675 (Moylan, M.) received unanimous approval from the House Transportation: Vehicles & Safety Committee. Representative Matt Hanson joined the bill as a chief co-sponsor.
4. **Raising the annual audit threshold.** HB 2352 (Manley, N.) will set \$1,500,000 as the new revenue threshold for annual audits for park districts, forest preserve districts, and conservation districts. It received unanimous approval by members of the House Executive Committee, and is now co-sponsored by Representative Matt Hanson. (Note: there are several bills to increase audit thresholds. For example, HB 1911 (Fritts, B.) sets the new audit threshold at \$1,400,000 for all units of government.)
5. **Electronically filing budget and appropriation ordinances.** SB 2102 (Harriss, E.) passed unanimously in the Senate Local Government Committee in early March, with Senators Arellano and

Turner signing on as co-sponsors.

6. **Aligning Park District Code dates with new nominating petition filing deadlines in the Election Code.** HB 2500 (Spain, R.) received a subject matter hearing in the House Ethics & Elections Committee, and was presented by Minority Spokesperson Patrick Windhorst. We expect it will be included in the "Election Omnibus" bill later this year and will continue to monitor and advocate for HB 2500 and its counterpart in the Senate—SB 1481 (McClure, S.).
-

IAPD Protects Member Agencies

IAPD has been actively involved in negotiating other measures with direct impacts on park and recreation agencies. While our "hot bill" list is updated daily on the website, we wanted to detail a few *particularly* noteworthy items below. All of these bills passed out of committee ahead of last Friday's deadline, and are now headed to the floor for consideration in their chamber of origin.

Bills directly impacting OSLAD, park districts, forest preserves, and/or conservation districts

SB 2314 (Ellman, L.) authorizes grants administered under the *Healthy Forests, Wetlands, and Prairies Act* to be used by park districts and counties to finance shoreline restoration and protection projects.

HB 3654 (Evans, M.) / SB 2466 (Aquino, O.) would permanently alter the 50/50 matching requirements for OSLAD projects located in distressed locations and/or distressed communities.

- **100% funding/0% match:** For a project to receive 100% funding assistance, the project would now need to be located in a distressed area within a distressed community (up to 10% of the total appropriation).
- **90% funding/10% match:** As was the case before the FY2023 grant cycle, projects located in distressed communities could receive up to 90% funding assistance, whether or not the project is located in a distressed area in that community (up to 30% of the total appropriation).
- **75% funding/25% match:** For the first time, up to 75% funding assistance would be available to non-distressed communities if the OSLAD project is located in a distressed area within a non-distressed community (up to 10% of the total appropriation).
- **50% funding/50% match:** All other OSLAD projects located in non-distressed areas and non-distressed communities would remain eligible for up to 50% matching grants.

Relatedly, but with a much smaller scope, HB 1788 (La Ha, N.) directs IDNR to prioritize OSLAD grant projects that exceed ADA accessibility standards, e.g. universal design playgrounds.

Bills about facilities, public property, and equipment

Beginning January 1, 2030, HB 1248 (Vella, D.) would require that passenger vehicles purchased or leased by non-law-enforcement government entities in Illinois must be zero-emission vehicles manufactured in the U.S. by a U.S.-headquartered company.

SB 1380 (Curran, J.) allows counties and municipalities to use utility poles and public rights-of-way owned by the State or local governments for public safety equipment (while prohibiting use of infrastructure owned by public utilities), provided that safety standards and codes are met, and limits usage fees to the owner's lowest rate without exceeding costs. While sponsored by Senate Minority Leader Curran, it is interesting that this bill now has bipartisan support with co-sponsors, Leaders Joyce and Glowiak Hilton.

HB 1429 (Olickal, K.) amends the *Bill of Rights for the Homeless Act* to prohibit state and local governments from enforcing fines or criminal penalties against individuals experiencing unsheltered homelessness for

engaging in life-sustaining activities on public property. Exceptions are allowed for maintaining public access and addressing serious health and safety risks, with required notice and efforts to provide services before enforcement. IAPD has proposed language to amend this bill in a manner that enables park and recreation agencies to close their facilities/properties and remove unsheltered persons without notice in the event they are occupying a reserved space.

As introduced, SB 2326 (Villivalam, R.) would have required every park district in the state of Illinois to install fencing around playgrounds in close proximity to "high-traffic urban areas." IAPD is working closely with Senator Villivalam on an amendment to more closely match his original intention. His stated intention is to focus on playgrounds located in Chicago near busy roads, and is working with IAPD and the Chicago Park District to better understand the financial burden on and appropriation/grant options for the Chicago Park District if this bill is made law. As of last week, this bill passed out of the Senate Local Government Committee with a promise from Senator Villivalam that he will return with an amendment.

HB 2952 (Hernandez, E.) amends the *Equitable Restrooms Act* to require baby changing stations to be installed in public places with public restrooms—including standalone public parks and transit public parks. IAPD is working with Leader Hernandez to better hone the definition of a "transit public park."

Bills about pesticides

HB 1596 (Faver Dias, L.) requires pesticide applicators to give written notice to schools and parks within half a mile from the site of application at least 72 hours prior to applying pesticides. We have relayed to Representative Faver Dias that park districts often serve as our own pesticide applicators.

HB 3844 (Harper, S.) amends the *Illinois Pesticide Act* and creates a new pathway for park and recreation agencies to become "licensed small-scale operators" with a newly tailored certification test.

Bills about swimming facilities and/or beaches

SB 189 (Halpin, M.) requires IDPH rules to allow the installation of sporting and fitness equipment systems in swimming facilities. These systems must be designed for pool use and installed according to manufacturer safety guidelines, and the bill clarifies that such equipment will not be considered an obstruction under existing facility regulations.

HB 1441 (Guerrero-Cuellar, A.) was drafted to protect minors and young adults from exposure to the unique challenges and environmental risks associated with serving as a lifeguard at Chicago Park District beaches. However, what Representative Guerrero-Cuellar did instead was write a bill that prohibits anyone under the age of 19 from working as a lifeguard at a Chicago Park District beach. Understandably, the Chicago Park District is opposed and pushing for an amendment, expressing serious concerns about the ability to adequately hire much-needed lifeguards for beachfront park property. We will continue to monitor and engage as necessary, however the bill has passed unanimously from the House Cities & Villages Committee.

HB 3050 (Mussman, M.) provides that permits for construction or major alteration of a swimming facility are valid for 2 years from the date of issue (rather than just 1 year).

HB 3272 (Yang Rohr, J.) requires outdoor aquatic center employers to grant employees access to shade beneath purchased structures, permit regular sunscreen application, and permit sun-protective clothing to be worn within guidelines for appropriate work attire. Moreover, this bill also requires IDPH to provide educational materials for employees to learn about UV exposure risks and skin cancer prevention.

Bills about employees' work environment and rights

HB 3249 (Jimenez, L.) creates the *Right to Sit at Work Act* and requires employers to provide suitable seats to employees when the nature of the employee's work reasonably allows for seated work.

HB 3277 (Mason, J.) prohibits employers from requesting an applicant's social security number (except when conducting a background check) while allowing social security numbers to be collected after hiring.

HB 3762 (Gonzalez, E.) creates the *Workplace Extreme Temperature Safety Act* and requires IDOL to establish standards for indoor and outdoor workplaces in extreme hot and cold conditions (and establishes temperatures, heat indexes, and wind chills). Right now, LAPD member agencies need to know three things about this bill: (1) employers will be required to implement protective measures like access to water and shade, (2) this will create new training requirements for both employees and supervisors, and (3) lifeguards and emergency responders are exempt.

Bills about paid and unpaid leave for employees

SB 220 (Porfirio, M.) changes the name of the *Family Military Leave Act* to the *Military Leave Act*, and provides that an employee (of an employer with 51+ employees) may use up to 8 hours of paid leave per calendar month to participate in a funeral honors detail, up to 40 hours total per calendar year, without exhausting vacation leave, personal leave, compensatory leave, or any other leave.

HB 1616 (Hoffman, J.) adds part-time employees to the *Employee Blood and Organ Donation Leave Act*, meaning that part-time employees could now have up to 1 hour of paid leave every 56 days to donate blood, and up to 10 days of paid leave in any 12-month period to serve as an organ donor. The bill also establishes that the part-time employee shall be compensated based on the daily average pay they received in the previous 2 months of employment.

HB 2522 (Stuart, K.) amends the *Nursing Mothers in the Workplace Act* and requires employers to provide paid break time for nursing mothers to express milk each time the mother needs to express milk for up to one year postpartum. Employers cannot reduce pay or require use of paid leave for these breaks.

HB 2978 (Faver Dias, L.) creates the *Family Neonatal Intensive Care Leave Act* and grants employees unpaid leave if they have a child in the NICU. Employees of small employers (16-50 employees) may take up to 10 days of unpaid leave. Employees of larger employers (51+ employees) may take up to 20 days of unpaid leave. Regardless of employer size, the employee must be reinstated to their job with no loss of benefits upon returning from leave.

Bills that impact culinary/concession operations

SB 1288 (Turner, S.) requires every food handler to complete a training on Celiac disease and the safe handling of gluten-free foods.

HB 1600 (Gong-Gershowiz, J.) regulates the distribution of single-use disposable foodware and enables certain food establishments to provide disposable foodware only upon request, while establishing penalties for violations. Relatedly, SB 1531 (Fine, L.) prohibits the sale or distribution of any foodware composed in whole or part of polystyrene foam. Of note, Senate President Don Harmon has signed onto SB 1531 as a co-sponsor, joining several other Democratic co-sponsors.

HB 3167 (Williams, J.) prohibits the sale and distribution of any product intended for human consumption that contains brominated vegetable oil (CAS no. 8016-94-2). This additive ingredient is most often found in beverages—like Sun Drop and many generic fruit-based sodas. In addition to prohibiting the sale and distribution of products containing brominated vegetable oil, SB 93 (Preston, W.) also prohibits the sale or distribution of products containing potassium bromate (present in many packaged bread goods like prepared pizzas/pastas/cheesesteaks/meatballs/etc., crackers, pastries, etc.), propylparaben (present in certain cosmetics like sunscreen), or red dye 3 (present in candy, pre-packaged baked goods, pink- and red-toned frozen ice creams and popsicles, packaged fruit cocktails, some beverage mixes, and some cough drops).

Bills about childcare

HB 1168 (Costa Howard, T.) provides that the definition of “daycare centers” requiring licensing does not extend to arboretums, in addition to special activities programs that are conducted by civic, charitable, and governmental organizations on an organized basis (currently organized *and* periodic basis).

HB 3054 (Hernandez, B.) increases the current radon mitigation level to 4.0 pCi/L for already licensed childcare facilities. If a facility exceeds this radon level upon testing, the facility must create and implement a corrective action plan and conduct long-term testing. If a facility’s radon level exceeds 8.0 pCi/L, unlicensed facilities must mitigate before licensing. If an already open and licensed facility exceeds 80 pCi/L, they must close until safe levels are reached.

HB 3268 (Benton, H.) updates early childhood teacher qualifications under the *Child Care Act of 1969* by allowing multiple pathways to qualification through education, experience, or credentialing. A temporary provision, which would only apply until June 30, 2030, permits licensed daycare centers to hire interim conditional early childhood teachers for 18 months while they complete required coursework or credentialing.

HB 3439 (Mason, J.) updates criminal background check requirements for employees and volunteers at day care centers and group day care homes, requiring checks every five years.

Bills about government efficiency/operations

SB 2129 (Morrison, J.) requires IDOT to establish an online portal that allows local units of government to submit forms electronically to the Department, and will include a tracking feature for each submission as well as a point of contact at the Department for support.

HB 2488 (Johnson, G.) amends *OSHA* to increase penalties (from \$10,000 to \$70,000) for public employers who willfully and intentionally violate workplace safety laws. It passed along partisan lines in the House Labor & Commerce Committee.

Bills about revenue, taxes, and retirement

HB 1867 (Hernandez, E.) amends the *Property Tax Code* to adjust the income limit for the “Low-Income Senior Citizens Assessment Freeze Homestead Exemption” annually based on the cost-of-living increase in social security and SSI benefits. It also amends the *Energy Assistance Act* to ensure that eligibility limits for the energy assistance program are based on the higher of either federal poverty guidelines or 60% of the state’s median income, with a built-in annual cost-of-living adjustment.

SB1692 (Martwick, R.) impacts retirement plans offered by units of local government—requiring them to comply with fiduciary, funding, investment, and participant right provisions outlined in the *Illinois Pension Code*. This new requirement applies to all retirement plans offered by both units of local government and school districts, regardless of whether the plan is formally established under the *Illinois Pension Code*.

HB 1700 (Du Buclet, K.) updates the *Deposit of State Moneys Act* and the *Public Funds Investment Act* to require public agencies to consider a bank’s rating under the *Illinois Community Investment Act* when deciding where to deposit public funds. Beginning January 1, 2026, public funds can only be deposited in banks with a satisfactory or outstanding rating, unless the bank has not yet been evaluated. An amendment adopted by the House Financial Institutions & Licensing Committee clarifies that existing deposits cannot be withdrawn early just because a bank’s rating drops below satisfactory. Of note, once this bill made it to the House floor, Speaker Welch signed on as co-sponsor.

HB 2393 (Kifowit, S.) amends the *Downstate Forest Preserve District Act* to allow the board of a forest preserve district to establish a special retailers' occupation tax and service occupation tax after referendum of the voters. Brought forward by the Kendall County Forest Preserve District, this bill was passed unanimously in the Revenue & Finance Committee, largely because it leaves the implementation of this tax up to voters. On the record, Representative Kifowit committed to amending the bill to focus only on Kendall County.

Miscellaneous bills

SB 2426 (Murphy, L.) requires proof of ownership when transporting trees on Illinois highways as defined by administrative rule, grants inspection authority to law enforcement, and adjusts misdemeanor classifications to clarify enforcement and protect against tree theft.

Potential Omnibus Bills

You may have noticed that we have not yet touched on bills that would impact the *Freedom of Information Act* (FOIA), *Open Meetings Act* (OMA), and/or the *Illinois Elections Code*. That's because most of these bills are being held back in their committees—with select bills receiving subject matter hearings only—in anticipation of large omnibus bills at the end of the year.

There are always exceptions to the rule. One exception includes SB 243 (Porfirio, M.), which amends the Open Meetings Act (OMA) to allow a member of a public body to attend meetings virtually if they are unable to be physically present due to active military duty. If a quorum is physically present, a majority vote of the public body can approve the remote participation. This bill passed unanimously in the Senate Executive Committee.

LEGISLATIVE UPDATE

THE LATEST LEGISLATIVE ISSUES AFFECTING PARKS, RECREATION AND CONSERVATION

#9-2025 -- March 28, 2025

TO: IAPD Members

FROM: Peter Murphy, Esq., CAE, IOM, IAPD President and CEO
Jason Anselment, IAPD General Counsel
Maura Freeman, Director of Advocacy and Strategic Initiatives

RE: LWCF Grant Program Live Now

Happy Spring, IAPD!

While the political season heats up in the Heartland, beautiful trees are blooming *left* and *right* here in Springfield. Clearly, the dogwood trees are dressing up to welcome IAPD members to the Legislative Conference & Reception and Parks Day at the Capitol April 29-30!

We're keeping things brief this week, so there's no video update today, but we're happy to report that IAPD's legislative platform initiatives continue to move through the legislative process.

- **HB 2352 (Manley, N.):** Our amendment to narrow the audit threshold increase to apply *exclusively* to park districts, forest preserves, and conservation districts was adopted Wednesday in the House Executive Committee.
- **HB 2675 (Moylan, M.):** An amendment to add painted markings as another option to notify bicyclists of upcoming temporary hazards was approved and adopted by the House Transportation: Vehicles & Safety Committee.

Grant Opportunities with May 9 Deadlines:

Land and Water Conservation Fund (LWCF)

A new round of the LWCF Grant Program is now open! Applications will be accepted through 5:00 pm on **Friday, May 9.**

LWCF grants—financed through revenue from offshore oil and gas leases—are administered in Illinois by IDNR. Eligible applicants include units of local government authorized by Illinois law to spend public funds for the acquisition and development of land for outdoor park, recreation, or conservation purposes. Eligible projects include:

- Land acquisition for new park sites
- Land acquisition for park expansion
- Water front property acquisition/development
- Nature study areas
- Natural resource preservation

Funding assistance covers up to 50% of eligible expenses, with grant awards of up to \$1,725,000 for acquisition projects.

To learn more, check out the [IDNR LWCF landing page](#) or the [2025 Manual](#). And to apply, click [HERE](#).

The [“Grants” page](#) of the IAPD website is updated regularly with grant opportunities—including many that are open right now, with deadlines stretching into the summer!

As always, if you have any questions about legislative issues, don't hesitate to reach out to Peter, Jason, or Maura. We're here to help!

**Dedicated to helping our members thrive
through Advocacy, Education & Research**

Niles, IL 60714

Dear Anthony,

Congratulations! On behalf of the IAPD, I am happy to inform you that your agency has been chosen to receive a PowerPlay! Beyond School Grant for your program, "SMAPS by PowerPlay! Beyond School Program". IAPD received highly competitive grant applications this year. Your agency is among the 33 grants that have been awarded. That's a total of \$33,000 in PowerPlay! grants to member agencies in 2025.

Please find enclosed a check in the amount of \$1,000.

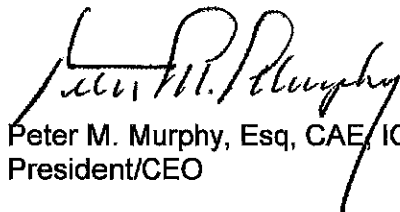

An email has been sent to you with links to the PowerPlay! Grant resources, which are filled with ideas to enhance your program as well as a link to the Final PowerPlay! Report that will be due by December 12, 2025.

In addition, below is the QR code to the Park District Youth License Plate marketing kit that contains logos, ready-to-use print advertisements, web advertisements, and radio and television public service announcements that you can use to publicize the license plate at your agency. This is also available on the IAPD website at https://www.ilparks.org/page/power_play.

We rely on your agency's assistance with promoting this one-of-a-kind license plate as an important component of PowerPlay! program. *Without continued funding from sales and subsequent renewals of the Park District Youth License Plate, the PowerPlay! Beyond School Grant Program would cease to exist.*

Thank you for making a difference in your community. We look forward to receiving success stories about your beyond school program.

Best personal regards,

Peter M. Murphy, Esq, CAE, IOM
President/CEO

Proposal

March 28th, 2025

AK Electric, Inc. offers electric service for sign located at 8800 W. Kathy Ln Niles, Illinois.

It will contain as follows:

- Hydro excavation from sign base to the main building (approx. 500 ft)
- Pulling 3" sleeve from sign to the building
- Pulling three single pole 20 Amp power lines for sign.
- Hooking up those circuits to the existing panel inside of building
- Each line will be protected by standard 20 Amp single pole breaker
- Digging access holes (2 or 3 if necessary) and back filling them
- All repairs to the lawn or other landscape will be done by others at no expense to AK Electric, Inc.
- AK Electric will pull the permit for a job (allowance for a permit fee is set for \$200.00) if permit fee will be higher the difference will be added to the final bill.
- AK Electric will require \$7000.00 due at the time of approving our proposal, remaining balance will be required upon completion of the job.

Total Charge **\$ 18,987.00**

-If there will be unforeseen complications or additional work needed, AK Electric will inform of possible additional charges.

-AK Electric will schedule "JULY" for scouting for utilities in the ground.

-AK Electric will trace ground in the path of our boring for electrical feeders to the parking light posts

-Estimate pricing is valid for 30 days and due to tariff related price increases and volatile changes in cost of the materials quoted prices of this proposal might change consequently.

-The owner is paying all city and Com-Ed fees. Any additional work is charge by time and materials (\$180 per hour per each worker).

-It is agreed that the seller will retain title to any equipment or material that may be furnished until final payment is made. If settlement is not made as agreed, The seller shall have to right to remove same and the seller will be held harmless for any damages resulting from removal thereof. I agree to pay all costs and reasonable attorney's fees if this proposal is placed in the hands of attorney for collection

Sincerely

Accepted by:

Artur Kulka
The President
